

TECHLOOMIX

Technical Interview Preparation Sheet

Use this sheet to prepare concise, truthful technical and behavioral answers.

Technical Answer Framework

Step	Prompt
1. Clarify	What exactly is failing? Who/what is affected?
2. Scope	One device, one rack/VLAN/site, or widespread?
3. Evidence	What logs, indicators, counters, alerts, or user reports are available?
4. Hypothesis	What are the most likely causes based on evidence?
5. Safe action	What low-risk, authorized test comes next?
6. Verify	How will you prove the issue is fixed?
7. Document	What should be recorded or escalated?

Behavioral STAR Notes

Situation	
Task	
Action — what YOU did	
Result — measurable if known	
What you learned	

Rules

- Never invent experience, credentials, tools, or results
- If you do not know, explain how you would investigate safely
- Use specific examples you can defend in follow-up questions

Educational resource. Adapt procedures to your environment, employer policies, safety rules, current vendor documentation, and authorized scope.
